WITH

FILL-RITE®

THE INDUSTRY'S BEST

CONTINUOUS DUTY FUEL TRANSFER PUMP

Fill-Rite is proud to announce the newest extension of its continuous duty family with the release of the new nextec Intelligence® AC models. The NX25-120 and NX25-240 fuel transfer series allow fleet managers to fuel all day with less downtime due to short duty cycles or overheating. Our industry-leading pumps are equipped with a variable speed motor and Fill-Rite's exclusive nextec Intelligence technology for elite performance in harsh applications. Its low-profile, lightweight construction eases installation while still moving fuel more efficiently than the competition.

THE FUTURE OF FUEL TRANSFER IS HERE

*NX25-240 available in 2021

nextec Intelligence® - Predicts, Protects, Performs

	NX25-120 SERIES		NX25-240* SERIES	
FLOW RATE	25 gpm / 95 lpm**			
VOLTAGE	120V AC		240V AC 50/60 Hz	
INLET/OUTLET	1 - ¼" NPT / 1" NPT	1" NPT / 1" NPT	1 - ¼" BSP / 1" BSP	1" BSP / 1" BSP
MTLS OF CONST	Cast-iron pump housing			
MOUNTING	2" NPT bung	Foot mount	2" BSP bung	Foot mount
AMP (FLA)	3.5		1.8	
HORSE POWER	⅓ HP			
COMPATIBLE FLUIDS	Diesel, gasoline, biodiesel up to B20, E15, kerosene, mineral spirits, methanol (up to 15%)			
DUTY CYCLE	Continuous duty for all-day fuel transfer			
WARRANTY	Limited lifetime warranty†			
CERTIFICATIONS	UL/cUL		CE, ATEX, IECEx	

Bung Mount Configuration
NX25-120NB-AA

Foot Mount Configuration
NX25-120NF-AA

Features & Benefits

- Continuous duty†**
Nonstop performance eliminates downtime, saving you time and money
- Remote on/off**
Remote switching capability for tall, above ground tanks
- Intelligent tones**
Simplify troubleshooting with audible tones that indicate when and where attention is needed
- Variable speed motor**
Pump actively adjusts its speed for optimal performance and improves suction lift
- Lightweight**
At less than 23 lbs.‡, nextec provides a hassle-free and strain-free installation
- Auto power down**
After 20 minutes of inactivity the pump will turn itself off, reducing energy costs
- Magnetic switch**
Smooth operation and completely field replaceable
- Reduced vapor lock**
Keep your operation running in the harshest summer temperatures
- Slow down in bypass**
Reduce energy consumption and preserve the life of wetted components

*NX25-240 model available in 2021, **Adding accessories will affect flow rate, †Warranty details can be found at fillrite.com, ‡Rated continuous duty for fuel transfer, §Pump only models are <23lbs
