FEATURES

- **HEAVY DUTY**
- **VERSATILE**
- **BUILT-IN TURBINE METER**
- **BREAK-AWAY SYSTEM**
- **MULTI-FUNCTIONAL DISPLAY**

The Piusi SB325_X METER is the patented automatic nozzle-meter by Piusi for DEF. It is composed of an innovative technopolymer casing, a break-away system, a stainless steel spout and the Piusi K24 meter with 1% accuracy.

Safety is guaranteed by the break-away system. In the event that a vehicle accidentally drives away with the nozzle still in the tank, the spout is designed to detach from the nozzle. This system also allows for a quick repair by merely fitting a new spout onto the nozzle.
