

GO WITH THE FLOW.

## DEF MINI BULK

TECALEMIT designed the original “all-in-one” DEF storage and dispensing system that we coined the DEF-Pro All In One System™.

Known in the industry for its performance, value, and incredible return on investment, the turn-key DEF-Pro All In One Systems provide a solution for the increasing demand for DEF.

These packages come in a variety of configurations for both warm or frigid climates. They’re also available in a variety of tank gallon capacities and provide the ideal means to safely store and dispense DEF.

Trust the creators of the original system. Trust the T.

## MINI BULK TANK PACKAGES

**THE VALUE-DRIVEN SOLUTION FOR STORING & DISPENSING DEF**

TECALEMIT's promise is to provide customers with products and services of premium quality, and to exceed customer expectations. For our DEF-Pro All In One™ mini bulk tanks, our promise extends to providing the best turn-key mini bulk tanks with a small investment upfront, and a quick ROI in return.

Ideal for climates warm and cold, the DEF-Pro All In One™ systems are offered in economy, southern, and northern options, as well as your choice of either single or double wall configuration. These systems are fully turn-key and house everything you need to safely store and dispense DEF.
